

COASTAL & HEARTLAND NATIONAL ESTUARY PARTNERSHIP

2025 Funding Opportunities

The Coastal & Heartland National Estuary Partnership (CHNEP) is part of the US EPA National Estuary Program and is comprised of local, state, and federal governmental entities, non-profits, private sector entities and the public. Its mission is to unite Central and Southwest Florida to protect water and wildlife. The CHNEP is non-regulatory, science-based, and citizen-supported, and its work is supported by a professional team who works to pair funding opportunities and resources with the communities and partners in the CHNEP's 10-county service area.

Funding Opportunities

Gulf Research Program Fellowships and Grants

Offers a variety of fellowship and grant opportunities to enhance oil system safety and the protection of human health and the environment in the Gulf of Mexico and U.S. outer continental shelf regions. https://www.nationalacademies.org/gulf/fellowships-and-grants

Coastal Conservation Association (CCA) Florida One Million Dollar Habitat Pledge

Funding 20 coastal habitat focused projects statewide for \$50,000 each. https://ccaflorida.org/one-million-dollar-habitat-pledge/

RAE 2024 National Estuary Program Watersheds Grant Program

Funding to support projects that address urgent, emerging, and challenging issues threatening the well-being of estuaries within the 28 NEP boundary areas.

Awarding projects between \$200,000 - \$500,000
